

MIKE!

WE ARE OUTTA HERE

The first time I saw you was in the
back of the car when you were
driving. The first time I saw you was
in the back of the car when you were
driving. One of the first times I saw
you was in the back of the car when
you were driving.

STUD

Comprehensively I am not very happy
with what you did in the car when you
were driving. It was not what I needed
at that time. I was not in a good
mood. I was not in a good mood.
I was not in a good mood. I was not
in a good mood. I was not in a good
mood. I was not in a good mood.

(oops)

YOU ME MIKE CLARK!

Thank you for everything you are the
best and the tallest. I love you
because you are here. You are
the best. I love you. I love you.
